

Interior Designer - Luxury Residential & Commercial

Nicole Arnold Interiors | Dallas, TX | Full-Time, In-Person

Ready to build your design career doing work that goes well beyond the basics?

Nicole Arnold Interiors is seeking a talented Interior Designer who is eager to learn, contribute and grow within an established, award-winning Dallas interior design firm.

We specialize in luxury residential and commercial interiors for discerning clients who value exceptional design—and an equally exceptional experience. As part of our close-knit team, you'll work alongside experienced designers and our Principal while gaining hands-on exposure to the full design process.

This isn't a role where you'll spend your days watching from the sidelines. You'll contribute to real projects, develop your design and technical skills, interact with clients and vendors, participate in installations and learn the business behind delivering beautiful, thoughtfully executed interiors.

For the right designer, this is an opportunity to build the foundation for a long-term career with our firm and grow toward greater project responsibility and, ultimately, a Lead Designer role.

WHAT YOU'LL DO

You'll support our design team across multiple residential and commercial projects while progressively taking on greater responsibility, including:

- Space planning and CAD/technical drawings
- Sourcing furniture, fabrics, lighting, finishes, accessories and other project elements
- Researching and developing selections for client projects
- Assisting with design presentations, samples and presentation boards
- Participating in client consultations, site measurements and project meetings
- Attending project installations and site inspections
- Preparing accurate product specifications, pricing and item details
- Coordinating samples, stock checks and vendor information
- Entering and maintaining project information in Studio Designer
- Assisting with project coordination, order tracking and communication with trades and vendors
- Supporting receiving and inspection as needed
- Helping the design team solve problems and keep projects moving efficiently

WHAT MAKES THIS OPPORTUNITY DIFFERENT?

You'll learn by doing. You'll be exposed to sophisticated projects and involved in the details that take a design from initial concept through final installation.

You'll work closely with experienced designers. We encourage questions, curiosity and collaboration. We want you to develop your design eye, technical skills, product knowledge and understanding of the business of interior design.

Your ideas are welcome. We're a boutique firm where every team member matters. We value people who notice opportunities, offer creative solutions and contribute to making both our projects and our company better.

There's room to grow. We are looking for someone who wants more than a job. Demonstrated talent, initiative, reliability and strong performance can lead to increasing design responsibility and a path toward becoming a Lead Interior Designer.

YOU'LL BE A GREAT FIT IF YOU:

- Have an interior design degree or relevant professional design education
- Have strong space-planning and technical drawing skills
- Are proficient in AutoCAD, Chief Architect or comparable design software
- Have a sophisticated design eye and genuine enthusiasm for high-end interiors
- Are highly organized and exceptionally detail-oriented
- Communicate clearly and professionally
- Take initiative rather than waiting to be told every next step
- Are comfortable asking questions and eager to learn
- Can balance creativity with accuracy, deadlines and project budgets
- Enjoy being part of a collaborative team while taking ownership of your individual responsibilities
- Are resourceful and willing to jump in wherever needed to help a project succeed
- Want to develop your skills and take on progressively greater responsibility
- 2+ years of professional interior design experience preferred
- Experience with **Studio Designer, Photoshop, Asana and Toggl** is a plus.

This role is best suited for an early-career designer who has moved beyond the internship stage and is ready to contribute meaningfully to active client projects while developing toward greater project ownership.

OUR CULTURE

At Nicole Arnold Interiors, great design, exceptional client service and strong business practices go hand in hand.

We're creative but organized, collaborative but accountable, and serious about delivering an outstanding experience for our clients. Our team works hard, supports one another and takes pride in the details that distinguish good design from exceptional design.

We value **professionalism, initiative, curiosity, accuracy, thoughtful communication and a genuine desire to keep learning.**

Most importantly, we want people who care about the success of the entire team—not simply their individual assignments.

WHY NICOLE ARNOLD INTERIORS?

You'll have the opportunity to work on beautiful, high-end residential and commercial projects while learning from experienced professionals in an established Dallas-area firm.

We offer professional development and industry learning opportunities, exposure to markets and design resources, a full benefits package, employee purchasing discounts and the opportunity to advance as your skills and experience grow.

Full-time | In-person | Carrollton/Addison, TX

If you're a talented emerging designer who is ready to learn quickly, contribute meaningfully and build a career in luxury interior design, we'd love to meet you.
